

Sutter recognized by Pharmacy Society

Susan Sutter, RPh, was honored in August by the Pharmacy Society of Wisconsin with the Bowl of Hygeia Award. Sutter is a registered pharmacist and owner, with her husband John, of Marshland Pharmacies in Horicon, Mayville and Beaver Dam.

Sutter is the first woman pharmacist in Wisconsin to receive this award since it was started in 1963

The Bowl of Hygeia Award is granted to recognize and honor a Wisconsin pharmacist who has demonstrated sustained commitment to community service.

Respected and admired as a leader in the community and in her profession, Sutter has graciously served her community throughout the years she has lived in Horicon.

She has actively participated on school, church, and civic boards and committees. Currently, Sutter is involved in her parish,

Sacred Heart, is on the boards of directors of the Pharmacists Mutual Insurance Company and the Beaver Dam Area Community Theater, and is serving her sixth year on the board of directors of the Beaver Dam Community Hospitals, Inc. (BDCH).

"I have enjoyed living, working and raising our family in the greater Horicon area for over 27 years," says Sutter. "Being involved in the communities has been a natural way to give back, and I am honored to have received the Bowl of Hygeia from my colleagues in recognition of that community service."

As a member of the BDCH Board of Directors, Sutter has been an active participant in quality improvements at the hospital and has chaired the Board Quality Committee since 2007.

Currently the secretary of the board and also a mem-

ber of the executive committee, Sutter donates countless hours working to ensure that the best of medical care is available for this region.

BDCH CEO and president Kim Miller praises Sutter as a "great advocate for her patients as a pharmacist and also -in her role of board member - for those served by BDCH." Miller credits Sutter with promoting "a true transformation" of the quality committee, "which has enabled our organization to constantly strive for continual improvement in the care we provide. Sue is very deserving of this honor," said Miller.

"She is a wonderful pharmacist, business leader, community member, board member, parent, and friend."

Sutter is the parent of three adult children, one living in Portland, OR, and two in graduate school, and she is soon to be a grandmother. She lives with her husband, John, outside of Horicon.

RMC honors Johnson with Diamond Award

Ripon Medical Center Interim CEO Neil Todhunter presented Karen Johnson with the Diamond Award. Johnson is an RN in the acute care department at RMC and was honored by her fellow employees for going above the call of duty. Recently, Johnson bought, picked up and delivered a prescription for a patient who could not afford the prescription and had no way of picking it up. This dedication to health care in our community and others prompted RMC employees to give Johnson the Diamond Award.
