🛟 ACTION SUNDAY WEST

Buffy Vander Galien, right, a member of the Bargains Galore committee, presents a \$500 check to Derek L. Drews, treasurer of Waupun Educational Foundation.

Bargains Galore Thrift Store supports Waupun **Educational Foundation**

Galore Bargains Thrift Store supported the Educational Foundation of Waupun by donating \$500 to it. The mission of the foundation is to promote excellence in education, through the use of private resources.

The Foundation provides a link between public and parochial schools in the Waupun Area School District by providing grants to teachers and scholarships to stu-dents. This year, \$6,000 in scholarship money has been divided between Central Wisconsin Christian School (CWC) and Waupun Area High School (WAHS) and given to students who best meet the criteria and who pursue post-secondary

studies.

Approximately \$5,000 in grant money was divided this year by CWC and schools in Waupun Area School District to teachers who submitted innovated projects who focus on using media and/or technology to supplement current curriculum that would otherwise not be available to them within school budgets.

These initiatives are possible because of donations from local businesses like Bargains Galore Thrift Store, civic and private sectors, plus individuals. The Waupun Education Foundation is prepared to manage endowments bequests, and funds.

Contributions to the

foundation are taxdeductible. More information regarding the foundation can be found at waupunK12.wi.us.

"We have been tremendously blessed here at Bargains. We are excited that we can give back to our community and contribute to the important work of the Waupun Educational Foundation," remarked Melissa Wierenga, Bargains store manager.

The store is located at 810 W. Main St., Waupun. Store and donation center hours include: Thursday 10 a.m. to 8 p.m.; and Friday & Saturday 10 a.m. to 2 p.m.

FROM THE CITY DESKS:

Meadow View School: What does the future hold ?

Greetings Friends! In this column, I would like to share with you some of the challenges facing the redevelopment of the former Meadow View (Washington) School. A building of this size requires con-tinuous improvements, repairs and maintenance. The building is serviced by an old boiler system, probably in-stalled in the 1950s, that has resulted in costly repairs to keep in operation. The vast amount of roof is another costly expense from patching to replacement of dam-aged ceiling tiles and flooring throughout the building following rains. Another cost is the time required of staff monitoring the building and expenses associated with keeping it operational such as lawn care, snow removal and a multitude of other factors.

mayor's notes

Where do we go from here?

An offer has been submitted and accepted which would allow a development plan to move forward for use of the property. At this stage, we remain in discus-sions on the site plan and on a developer's agreement that would specify the terms and conditions for the final sale of the property. As such, any new development would require the building to

be razed and removed. With any decision, I realize it will generate support and opposition from the community. We have, I believe, done the due diligence and have dedicated hundreds of hours attempting to save

and repurpose this building. Having attended Washington School, it holds sentimental value with me as well as many others in the community.

by Kyle Clark

Although nothing is completely finalized, it seems apparent that af-ter examining the costs and benefits of the many possible uses and the current condition of the building we must explore the possibility of a new development on the site that will serve our community.

Chat with Mayor: Please join me for a chat at the Girls Varsity Basketball Game at 7:30 p.m. Friday, Jan. 30. around

See you Waupun,

Mayor Kyle

Duehrings to receive Ripon College Founders' Day award

Dave and Karen Stoddard Duehring of Green Lake will be honored by Ripon College with its annual Founders' Day Award Jan. 27. The award is presented to an individual or organization in Ripon and surrounding communities who exemplifies the ideals behind the creation of Ripon College in 1851.

The ceremony cele-brating the 164th anniversary of the College's founding will be held at 11:15 a.m. in Great Hall of Memorial Harwood Union on the Ripon College campus. A brief historical presentation will be given by Kevin Whiteneir Jr., a senior art history and anthropology major from Chicago, Illinois.

Duehring is a Ripon native and a co-owner of Ripon Drug and Ben Franklin, which have provided a steady presence in downtown Ripon through the years. He has had a longstanding and strong commitment to the city of Ripon and the students, faculty and staff of Ripon College.

Stoddard Karen Duehring is a 1972 graduate of Ripon College, a member of Alpha Chi Omega. A sister, Debra Stoddard Jessop, class of 1977, was a member of

Alpha Delta Pi. Their mother, Roberta, worked in the Ripon College business office from 1966 to 1978; and their father, Lee, worked at Speed Queen, now Alliance Laundry Systems.

She says the Founders' Day Award is a "distinct honor," but feels that what she has accomplished is a recognition of the high standards and the classical learning and teaching models offered by the College itself. Stoddard Duehring has taught at the high school and university levels, and formed her own private tutoring business.

DC pesticide applicator training courses offered; includes self-study option

Dodge County farmers E. Oak St., Juneau. Fee in- mum passing score). Fee whose pesticide applicators certification has expired or first-time applicators will want to register for a training session or for a self-study program in order to acquire their General Farming Private Applicator's License.
